Day 02: Venice

Morning we get into Venice Island and start our Venice Island Orientation Tour (Walking Tour). We visit St. Mark's Square and learn the history that lies behind the walls of its most famous landmarks: the Basilica, its Byzantine heritage, the Doge's Palace and its adjoining prisons, that retain true secrets to comprehend how a city built on swamps became one of the most enlightened cities of the western world, and learn how all of a sudden fate turned its back on her. Then leave the square to discover the 'real Venice', enter a labyrinth of narrow passageways and alleys where a magical city of meandering canals punctuated by delicate bridges awaits you. And through the sights and the historical narrations learn how illustrious Venetians, the likes of Casanova and Marco Polo, and more common citizens made this city of stone a vibrant and magical place. Discover how Venice is today and how it is to live in the most beautiful city in the world, though not the most practical!

Afternoon we leave for Half day trip to Murano, Burano & Torcello Islands. Sail to Murano to see how the beautiful coloured glass is made, then on to the pretty islands of Burano and Torcello. After sailing past the island of San Giorgio Maggiore, the Public Gardens, the tip of Sant'Elena and the famous Lido beach resort, the boat arrives in Murano, known throughout the world for its glass manufacturing industry. Here we stop for around 40 minutes to visit to one of the factories. The second stop is at the picturesque island of Burano, famous not only for its lace but also for the fishermen's houses painted in bright colours. The stop will last about 30 minutes. Then after a short cruise, we reach Torcello, the earliest centre of civilization in the estuary. Only the Cathedral with its magnificent mosaics and the church of Santa Fosca remain as testimony of its former glory. The stop will be for about 30 minutes then we return to St. Mark's Square. Evening free on your own to explore the city.
